

India Aviation Safety, Security, and Airport Infrastructure Reverse Trade Mission

SEPTEMBER 11 - 15, 2017 | WASHINGTON, D.C. | CHICAGO, IL

The **U.S. Trade and Development Agency** is hosting the India Aviation Safety, Security and Airport Infrastructure Reverse Trade Mission (RTM), which will bring senior level officials from India's Ministry of Civil Aviation, Airports Authority of India, Directorate General of Civil Aviation, Bureau of Civil Aviation Security, and Air India to the United States to learn about best practices and U.S. solutions that can support India's aviation goals.

India's aviation industry is growing rapidly, and the government plans to invest \$120 billion in civil aviation expansion and modernization projects over the next ten years, which presents tremendous opportunities for U.S. businesses. The itinerary includes a **Business Roundtable** and **Networking Reception** for U.S. companies on **Tuesday, September 12, 2017** at the General Aviation Manufacturers Association (GAMA) in Washington, D.C.

ATTEND THE ROUNDTABLE TO:

- Learn about project opportunities in India
- Form new business partnerships
- Meet with high-ranking decision-makers

TOPICS OF DISCUSSION WILL FEATURE:

- Regulatory Compliance
- Improving Airline Operations
- Tripling Airport Capacity in 15 years
- Upgrading Security Systems in Airports
